

Dear Clients

Here at **Saddles Riding Centre** we are aware of the impact that the current situation regarding the Covid-19 virus is having on all of us and the concerns it raises.

We, in line with current government advice intend to remain open and operate as normal.

As an outdoor, non contact sport, we believe the risk of infection from normal riding activities to be very small. We have, however, made some changes to the centre's hygiene and sanitation policy to reduce that risk even further and we ask our customers to help minimise the spread of infection:

- Please **wash your hands thoroughly** on arrival, before entering the office or cafe and use hand sanitiser
- Bring your own gloves to wear when riding or gloves can be purchased from the office for £1 (normally £1.50). **The use of gloves is compulsory when riding at this current time**

We are increasing our biosecurity measures and **we will be disinfecting the reins and riding helmets that we provide.**

At this time **maintaining a strong immune system** is particularly important to stay healthy, so why not **come riding in the fresh air?**
